

Villa Mirasole Permessso di costruire, decision notice

Comune di Milano · Sportello Unico per l'Edilizia

Practice number PDC-2026-1174

Decision: granted subject to conditions.

#### Condition 1

The render sample submitted on 13 August 2026 is not approved. A revised sample in a lime-based finish is to be submitted for approval before the relevant work commences.

#### Condition 2

Works are to be carried out in accordance with the approved drawings A-100 revision D, A-101 to A-104 revision C and A-201 revision C.

#### Condition 3

A construction management plan addressing hours of work, wheel washing and dust suppression is to be submitted at least fourteen days before commencement.

#### Condition 4

The two lime trees at the southern boundary are to be retained and protected in accordance with the arboricultural method statement.

#### Condition 5

Energy performance is to achieve CasaClima class B as stated. A test certificate is to be provided before occupation.

#### Reasons

The proposal accords with the Piano di Governo del Territorio and does not harm the character of the surrounding area. The conditions secure the quality of materials and the protection of existing trees.
